Annual Report
FY 17-18

How does your contribution truly help?

Your cash is matched!

The Central Louisiana Homeless Coalition, like many other nonprofits, seeks out grant funding to support its programs. While grant funds make up the majority of funding we receive, the most important contribution continues to be YOUR contribution. You see, grant funders typically require matching funds ranging from 25% to 100%. Most funders will not award a grant until we are able to show local support toward the project. Therefore, every donation you make and every event ticket you purchase truly helps to make a difference for people experiencing homelessness. Once your donation is matched with grant funds, a donation of:

\$25 becomes worth \$125
 \$100 becomes worth \$500
 \$1,000 becomes worth \$5,000!

Volunteers Welcome!

If you prefer to give your time instead of cash, volunteer hours count as matching funds also! Most volunteer hours are worth minimum wage and count towards our required match. Professional services, however, are worth the typical rate charged for that service. Visit our website to register for upcoming volunteer opportunities!
